Republic of India**

SCHEDULE OF FUTURE MEASURES OF THE EUROPEAN UNION

Headnotes

1. This Schedule sets out, pursuant to Article 8.9 (Non-conforming measures), the specific sectors, sub-sectors or activities for which the European Union may maintain existing, or adopt new or more restrictive, measures that do not conform with obligations imposed by:
 - (a) Article 8.4 (1) and (2) (Market access) on market access;
 - (b) Article 8.4 (3) (Market access) on local presence;
 - (c) Article 8.5(1) to (5) (National treatment) on national treatment;
 - (d) Article 8.6 (Most-favoured-nation treatment); or
 - (e) Article 8.5(6) (National treatment) on senior management and boards of directors.
2. Each reservation in this Schedule sets out the following elements:
 - (a) "sector" refers to the general sector in which the reservation is taken;

- (b) "sub-sector" refers to, where applicable, the specific sector in which the reservation is taken;
- (c) "industry classification" refers, where applicable, to the activity covered by the non-conforming measure in accordance with the CPC or as otherwise expressly described in a Party's reservation;
- (d) "obligations concerned" specifies the obligations referred to in paragraph 1 that, pursuant to Article 8.9 (Non-conforming measures), do not apply to the sectors, sub-sectors or activities listed in the reservation;
- (e) "description" sets out the scope of the sector, sub-sector or activities covered by the reservation; and
- (f) "existing measures", where specified, identifies, for transparency purposes, existing measures that apply to the sector, sub-sector or activities covered by the reservation.

3. In the interpretation of a reservation, all elements of the reservation shall be considered. The "description" element shall prevail over all other elements.

4. For the purposes of this Schedule, "CPC" means the Provisional Central Product Classification (Statistical Papers, Series M No. 77, Department of International Economic and Social Affairs, Statistical Office of the United Nations, New York, 1991).

5. For the purposes of this Schedule, a reservation for a requirement to have a local presence in the territory of the European Union is taken against Article 8.4(3) (Market access), and not against Article 8.4(1) and (2) (Market access) or Article 8.5(1) to (5) (National treatment).
6. A reservation taken at the level of the European Union applies to a measure of the European Union, to a measure of a Member State at the central level or to a measure of a government within a Member State, unless the reservation excludes a Member State. A reservation taken by a Member State applies to a measure of a government at the central, regional or local level within that Member State. For the purposes of the entries of Belgium, the central level of government covers the federal government and the governments of the regions and the communities as each of them holds equipollent legislative powers. For the purposes of the entries of the European Union and its Member States, a regional level of government in Finland means the Åland Islands.
7. The list of reservations below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures where they do not constitute a limitation within the meaning of Article 8.4 (Market access) or Article 8.5 (National treatment). These measures may include, in particular, the need to obtain a licence, to satisfy universal service obligations, to have recognised qualifications in regulated sectors, to pass specific examinations, including language examinations, to fulfil a membership requirement of a particular profession, such as membership in a professional organisation, to have a local agent for service, or to maintain a local address, or any other non-discriminatory requirements that certain activities may not be carried out in protected zones or areas. While not listed, such measures continue to apply.

8. For greater certainty, for the European Union, the obligation to grant national treatment does not entail the requirement to extend to persons of India the treatment granted in a Member State, pursuant to the Treaty on the Functioning of the European Union, or any measure adopted pursuant to that Treaty, including their implementation in the Member States, to:

- (a) natural persons or residents of another Member State; or
- (b) juridical persons constituted or organised under the law of another Member State or of the European Union and having their registered office, central administration or principal place of business in the European Union.

9. Treatment granted to juridical persons established by service suppliers of India in accordance with the law of the European Union and having their registered office, central administration or principal place of business within the European Union, is without prejudice to any condition or obligation, consistent with Chapter 8 (Trade in services), which may have been imposed on such juridical persons when established in the European Union, and which continue to apply.

10. For greater certainty, non-discriminatory measures do not constitute a market access limitation within the meaning of Article 8.4(1) and (2) (Market access) for any measure:

- (a) requiring the separation of the ownership of infrastructure from the ownership of the goods or services provided through that infrastructure to ensure fair competition, for example in the fields of energy, transportation and telecommunications;

- (b) restricting the concentration of ownership to ensure fair competition;
- (c) seeking to ensure the conservation and protection of natural resources and the environment, including a limitation on the availability, number and scope of concessions granted, and the imposition of a moratorium or ban;
- (d) limiting the number of authorisations granted because of technical or physical constraints, for example telecommunications spectra and frequencies; or
- (e) requiring that a certain percentage of the shareholders, owners, partners or directors of an enterprise be qualified or practice a certain profession such as lawyers or accountants.

11. If the European Union has set out in this Schedule a reservation which applies to mode 1 or mode 3, the reservation also applies to temporary stay of natural persons of India, to the extent that the measure consistent with a condition or qualification specified in that reservation affects the temporary stay in the European Union of natural persons of India covered under Annex 8-A (Entry and temporary stay of natural persons).

12. Article 8.5 (National treatment) and Article 8.6 (Most-favoured-nation treatment) of this Agreement do not apply to any measure that constitutes an exception to, or a derogation from, Articles 3 or 4 of the TRIPS Agreement, as specifically provided for in Articles 3 to 5 of the TRIPS Agreement.

13. The reservations of a Party are without prejudice to the rights and obligations of the Parties under GATS.

14. This Schedule applies only to the territory of the European Union in accordance with Article 1.3(bb)(i) (General definitions) and is only relevant in the context of trade relations between the European Union and its Member States with India. It does not affect the rights and obligations of the Member States under European Union law.

15. With respect to financial services, unlike foreign subsidiaries, branches established directly in a Member State by a non-European Union financial institution are not, with certain limited exceptions, subject to prudential regulations harmonised at European Union level which enable such subsidiaries to benefit from enhanced facilities to set up new establishments and to provide cross-border services throughout the European Union. Therefore, such branches receive an authorisation to operate in the territory of a Member State under conditions equivalent to those applied to domestic financial institutions of that Member State, and may be required to satisfy a number of specific prudential requirements such as, in the case of banking and securities, separate capitalisation and other solvency requirements and reporting and publication of accounts requirements or, in the case of insurance, specific guarantee and deposit requirements, a separate capitalisation, and the localisation in the Member State concerned of the assets representing the technical reserves and at least one third of the solvency margin.

16. This Schedule shall be read in conjunction with Annex 8-G (Scope, definitions and obligations related to international maritime transport services of the European Union).

With respect to Market access (mode 3):

Public utilities exist in sectors such as related scientific and technical consulting services, research and development (R&D) services on social sciences and humanities, technical testing and analysis services, environmental services, health services, transport services and services auxiliary to all modes of transport. Exclusive rights on such services are often granted to private operators, for instance operators with concessions from public authorities, subject to specific service obligations. Given that public utilities often also exist at the sub-central level, detailed and exhaustive sector-specific scheduling is not practical. This reservation does not apply to telecommunications and to computer and related services.

With respect to Market access (all modes), National treatment (all modes):

In FI: Restrictions on the right for natural persons, who do not enjoy regional citizenship in Åland, and for juridical persons, to acquire and hold real property on the Åland Islands without obtaining permission from the competent authorities of the Åland Islands.

In IT: The government may exercise certain special powers in juridical persons operating in the areas of defence and national security, and in certain activities of strategic importance in the areas of energy, transport and communications. Any resolution, act or transaction (such as transfers, mergers, splitting up, change of activity or termination) relating to strategic assets in the areas of energy, transport and communications shall be notified by the concerned company to the Prime Minister's office. In particular, acquisitions by any person outside the European Union that give this person control over the company shall be notified.

SCHEDULE OF SPECIFIC COMMITMENTS OF INDIA

Explanatory notes to the Schedule of specific commitments of India

1. Alphabets indicated against individual sectors or sub-sectors and numbers in brackets are references to the Services Sectoral Classification List (GATT Document MTN.GNS/W/120, dated 10 July 1991).
2. The reference to "CPC" against specific sectors is a reference to the Provisional Central Product Classification (Statistical Papers Series M No. 77, Department of International Economic and Social Affairs, Statistical Office of the United Nations, New York, 1991), except for:
 - a. sectors where "CPC Ver. 1.1" is indicated, the reference is to the Central Product Classification (Statistical Papers Series M No. 77, Ver. 1.1, Department of International Economic and Social Affairs, Statistical Office of the United Nations, New York, 2002); or
 - b. sectors where "CPC Ver. 2" is indicated, the reference is to the Central Product Classification (Statistical Papers Series M No. 77, Ver. 2, Department of International Economic and Social Affairs, Statistical Office of the United Nations, New York, 2008).

4. The Schedule does not include measures relating to qualification requirements and procedures, technical standards, authorisation requirements, and licensing requirements and procedures where they do not constitute a limitation within the meaning of Article 8.4 (Market access) or Article 8.5 (National treatment). These measures may include, in particular, the need to obtain a licence, to satisfy universal service obligations, to have recognised qualifications in regulated sectors, to have completed a recognised period of training, to pass specific examinations, including language examinations, to fulfil a membership requirement of a particular profession, such as membership in a professional organisation, to have a local agent for service, or to maintain a local address, or any non-discriminatory requirements that certain activities may not be carried out in protected zones or areas. While not listed, such measures continue to apply.
5. The Schedules of the European Union in Annexes 8-E (Existing measures of the European Union) and 8-F (Future measures of the European Union) shall not be used to interpret India's commitments or obligations under Chapter 8 (Trade in services).

The panel shall, as a general rule, for cases of urgency halve the time periods applicable to other disputes, unless specifically provided otherwise in Chapter 17 (Dispute settlement) or in these Rules of Procedure. The panel shall notify the Parties of those adjustments.

RULE 14

Working language and translation

2. Each former panellist shall comply with the obligations set out in Rule 6 (Maintenance of confidentiality).

RULE 8

Expenses

Each panellist shall keep a record and render to the Parties a final account of the time devoted to the proceedings and of their expenses, as well as the time and expenses of their assistants and administrative staff.

The objective of mediation is to facilitate the finding of a mutually agreed solution to a dispute through a comprehensive and expeditious procedure with the assistance of a mediator.

SECTION B

REQUEST FOR INFORMATION

1. At any time before the initiation of the mediation procedure, a Party may deliver a written request for information regarding a measure alleged to adversely affect trade between the Parties. The Party to which such request is made shall, within 30 days of the date of its delivery, deliver a written response.

2. A Party is normally expected to avail itself of this provision before the initiation of the mediation procedure.

SECTION C

INITIATION OF THE MEDIATION PROCEDURE

1. A Party may at any time request to enter into a mediation procedure with respect to any measure by a Party alleged to adversely affect trade between the Parties.
2. The request shall be made by means of a written request delivered to the other Party. The request shall be sufficiently detailed to present the concerns of the requesting Party clearly and shall:
 - (a) identify the specific measure at issue;
 - (b) identify the adverse effects that the requesting Party considers the measure has or may have on trade between the Parties; and
 - (c) explain how the requesting Party considers that those effects are linked to the measure.

3. The mediation procedure may only be initiated by mutual agreement of the Parties. The Party to which the request is made shall give sympathetic consideration to the request and deliver its written reply, indicating whether it is willing to consider mediation, within 30 days of the date of its delivery. Otherwise, the request shall be regarded as rejected.

SECTION D

SELECTION OF THE MEDIATOR

1. If the Party to which the request is made is willing to consider mediation, the Parties shall, within 30 days after the delivery of the reply referred to in paragraph 3 of Section C (Initiation of the mediation procedure) or any other period agreed by the Parties, endeavour to agree on a mediator or on a procedure to select the mediator. To that end, the Parties may have recourse to:

- (a) a pre-established list of mediators, which the Joint Committee may adopt at any moment;
- (b) the sub-list of chairpersons established pursuant to Article 17.8 (Lists of panellists); or
- (c) any other means that may facilitate the selection of a mediator.

2. If the Parties are unable to agree on the mediator within the time period set out in paragraph 1, the request for mediation shall be regarded as rejected.

3. The mediator shall not be a national of either Party or employed by either Party, unless the Parties agree otherwise.
4. The selected mediator is appointed by the signature of the appointment contracts.
5. The mediator shall comply with Annex 17-B (Code of Conduct for panellist and alternative dispute resolution providers).

SECTION E

CONDUCT OF THE MEDIATION PROCEDURE

1. Within 20 days after the appointment of the mediator, the Party which requested mediation shall deliver to the mediator and to the other Party a detailed written description of its concerns, in particular of the operation of the measure at issue and its alleged adverse effects on trade. Within 30 days after the date of delivery of this description, the other Party may deliver written comments. Either Party may include any information that it deems relevant in its description or comments.
2. The mediator shall assist the Parties in a transparent manner in bringing clarity to the measure at issue and its possible effects. In particular, the mediator may organise meetings between the Parties, consult the Parties jointly or individually, seek the assistance of, or consult with, relevant experts and provide any additional support requested by the Parties. The mediator shall consult with the Parties before seeking the assistance of, or consulting with, relevant experts.

- 3 The mediator shall endeavour to offer advice and propose a solution for the consideration of the Parties. Such advice or solution shall not be binding on the Parties. The Parties may accept or reject the proposed solution, or agree on a different solution. The mediator shall not advise or comment on the consistency of the measure at issue with this Agreement.
4. The mediation procedure shall take place in the territory of the Party to which the request was addressed, or by mutual agreement in any other location or by any other means.
5. The Parties shall endeavour to reach a mutually agreed solution within 60 days after the appointment of the mediator. During the mediation procedure, the Parties may also consider possible interim solutions, particularly if the measure relates to perishable goods or seasonal goods or seasonal services.
6. Each Party may make a mutually agreed solution subject to the completion of any necessary internal procedures. Each Party shall take the measures necessary to implement the mutually agreed solution within the agreed time period. No later than at the expiry of the agreed time period the implementing Party shall inform the other Party, in writing, of any measure that it has taken to implement the mutually agreed solution.
7. Each Party may make public the fact that a mutually agreed solution has been reached.

8. Unless the Parties agree otherwise, the mediator shall deliver a draft factual report to the Parties, upon expiry of the time period referred to in paragraph 5, providing:

- (a) a brief summary of the measure at issue;
- (b) the procedures followed; and
- (c) if applicable, any mutually agreed solution reached, including possible interim solutions.

The mediator shall allow the Parties 15 days to comment on the draft factual report. After considering the comments of the Parties received, the mediator shall, within 15 days, deliver a final factual report to the Parties. The factual report shall not include any interpretation of this Agreement.

9. The mediation procedure shall be terminated by:

- (a) the adoption of a mutually agreed solution by the Parties, on the date of the adoption thereof;
- (b) mutual agreement of the Parties at any stage of the procedure, on the date of that agreement;

- (c) a written declaration of the mediator, after consultation with the Parties, that further efforts to mediate would be to no avail, on the date of that declaration; or
