Mining in Romania – Solutions for the Future
November 6 - 7th, 2008, Bucharest-Romania

INVITATION

The Romanian Deputy Chamber and the Soros Foundation Romania, under the High Patronage of Deputy Chamber' Speaker Bogdan Olteanu, have the pleasure to invite you to the „Mining in Romania – Solutions for the Future” international conference.

The event will take place on the **6th and 7th of November 2008** at Nicolae Iorga Hall, Parliament House, A entrance, 2-4 Izvor Street, 5th District, Bucharest. Registration of the participants, on each of the two days of the conference, will start at 9 a.m.

The conference aims to lay the foundations of a vast and permanent framework of discussions, concerning critical problems Romania has to face in regard to the natural resources' exploration and exploitation.

The meeting will include a presentation and debate on the findings of the *“Intensification of the mining contribution to the sustainable development in Romania. A regulatory and political framework”* study, carried out by the Soros Foundation with the support of international experts on natural resources exploitation, Elizabeth Bastida and Anida Yupari Aguado.

The number of participants will be limited, for the purpose of ensuring a maximum of interaction. Consequently, we kindly ask you to confirm your participation, or that of a representative of your institution/organization, **no later than Monday, October 20th, 2008.**

For further information and confirmations, please contact:

* **Andreea Chifan, Program Manager, e-mail:** achifan@soros.ro; **tel. +40 730.50.59.69**

* **Diana Apostolescu, Program Assistant, e-mail:** dapostolescu@soros.ro; **tel. +40 723.11.34.41**

The event is organized in the frame of the SFR program ***Exploitation of natural resources. A regulatory framework***, that encourages sustainable and transparent exploitation of resources with economic value through clear and firm policies, together with a proper regulatory framework.

We further enclose a short presentation of the ***Exploitation of natural resources. Regulatory framework*** program, together with a copy of the study *“Intensification of the mining contribution to the sustainable development in Romania. A regulatory and political framework”* (in Romanian and English).

The sessions will be held in Romanian and English, with simultaneous translation. The agenda of the conference will be provided in due time.
