

## EXPUNERE DE MOTIVE

Prezenta inițiativă legislativă își propune să modifice articolul 69 din Legea nr.571 din 2003 privind Codul fiscal prin mărirea plafonului până la care pensiile sunt scutite de impozit, de la 1.000 lei la 2.000 lei.

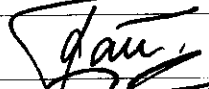

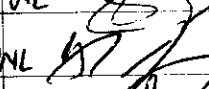

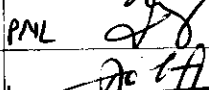

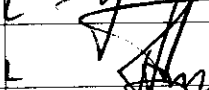

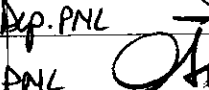

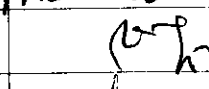

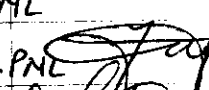

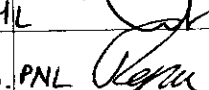

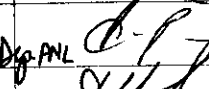

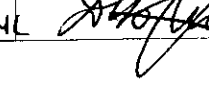

Astfel, pensionarii care primesc pensii sub plafonul de 2.000 lei vor fi scutiți de plata impozitului de 16%. Această măsură este justificată în condițiile unor cheltuieli din ce în ce mai ridicate ale pensionarilor privind plata impozitelor locale și a utilităților, asigurarea medicamentelor și a traiului decent de zi cu zi. Această măsură poate compensa diminuarea punctului de pensie pentru anul 2009 la o valoare de 43,2% din salariul mediu prognozat, astfel încât veniturile pensionarilor și putererea lor de cumpărare să nu fie afectate.

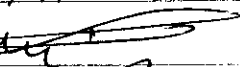

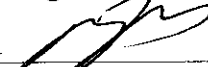

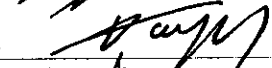

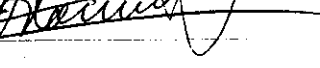

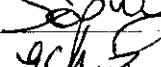

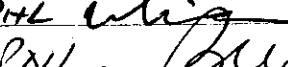

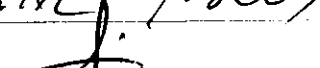

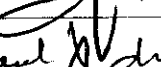

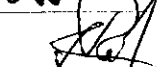

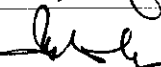

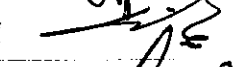

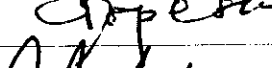

Credem că pensionarii nu trebuie să fie principalii susținători ai veniturilor la bugetul de stat, ci, din contră, ei trebuie să se bucure de munca prestată o viață întreagă și să culeagă roadele contribuțiilor plătite atâta timp cât au fost în activitate.

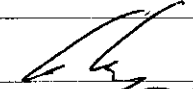

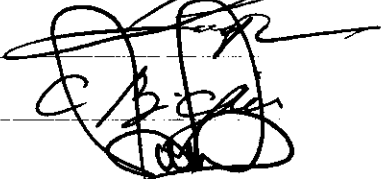

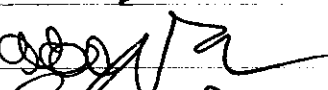

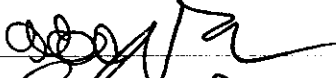

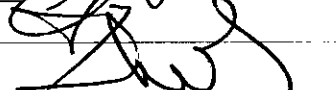

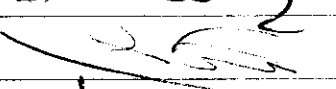

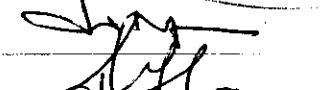

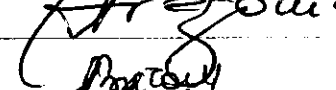

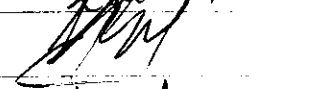

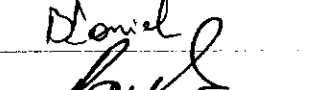

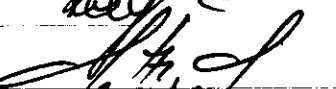

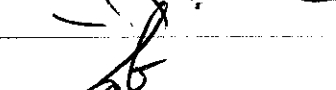

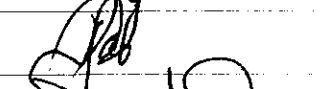

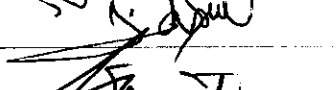

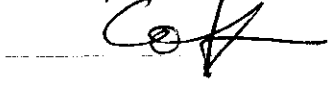

Trebuie să conștientizăm cu toții, întreaga clasă politică, că pensionarii au dreptul moral la un nivel de trai decent și ca atare, este de datoria noastră de a găsi măsurile care pot oferi pensionarilor o viață liniștită.

În acest sens, am elaborat **Propunerea legislativă pentru modificarea Legii nr.571 din 2003 privind Codul fiscal**, pe care o supunem atenției Parlamentului României pentru a fi dezbătută și aprobată.
